

Clean Safety Frontier

Corporate Principles

Quality First / Cooperation and Harmony / Steady Research

Management Philosophy

- 1 To contribute to the creation of a world that is pleasant to live in, with an affluent social climate.
- 2 To offer original, high-quality products, and strive to be a company that is essential to customers.
- 3 To comply with legal and social norms, and engage in proper, sound business practices.

As a manufacturer of fluid leak prevention and control equipment, we are contributing to the emergence of a society committed to sustainability.

Since our founding in 1924, we have been utilizing technologies for stopping fluid leakage to provide a range of innovative and high-quality products that includes mechanical seals, gland packings, gaskets, and fluororesin products. As indispensable high-performance components, our products are actively used in a wide range of industrial applications that include electric power, petroleum refining, petrochemical production, marine vessels, automobiles, and semiconductors.

Working quickly to respond to changes in our business environment, we aim to contribute to creating a resource-efficient, safe and clean global environment, while also complying with legal and social norms and engaging in fair, sound business practices, acting as a good corporate citizen to contribute to the development of richer communities.

In the years ahead, we will remain committed to delivering products that offer greater contentment and contribute to the emergence of a society committed to sustainability in the spirit of our Corporate Principles: "Quality First, Cooperation and Harmony, Steady Research."
